

COMMONWEALTH OF KENTUCKY  
BEFORE THE PUBLIC SERVICE COMMISSION

In the Matter of:

APPLICATION FOR A CERTIFICATE OF	)	
PUBLIC CONVENIENCE AND NECESSITY TO	)	
TRANSACT THE BUSINESS OF A RESELLER OF	)	CASE NO. 94-431
INTEREXCHANGE TELECOMMUNICATIONS	)	
SERVICES WITHIN THE STATE OF KENTUCKY	)	
AND FOR APPROVAL OF ITS INITIAL TARIFF	)	

O R D E R

On November 9, 1994, LDM Systems, Inc. ("LDM Systems") filed an application with the Commission seeking a Certificate of Public Convenience and Necessity to resell intrastate long-distance telecommunications services within the Commonwealth of Kentucky.

LDM Systems is a New York corporation with its principal offices in the state of New York and intends to resell tariffed services of facilities-based carriers certified by this Commission. LDM Systems has not requested authority to provide operator-assisted telecommunications services.

LDM Systems does not own or operate, nor does it intend to construct, any telecommunications transmission facilities within the Commonwealth of Kentucky. All intrastate telecommunications transmission services will be provided by an underlying carrier certified by this Commission.

The application provided by LDM Systems demonstrates its financial, managerial, and technical capability to provide utility service. The Commission finds that LDM Systems should be authorized to resell intrastate long-distance telecommunications

services within the Commonwealth of Kentucky. The Commission further finds that the rates proposed by LDM Systems should be approved as the fair, just, and reasonable rates to be charged with the following modifications:

1. Original Page No. 21, Section 2.4.1 - Delete the reference to LDM Systems' Interstate Tariff with regard to a termination fee for cancellation of service by a customer. Intrastate charges must be specifically stated for Kentucky intrastate operations.

2. Original Page No. 27, Section 3 - LDM Systems should add language giving full details of its Calling Card and Debit Card Services.

In its application, LDM Systems requested that the Commission waive the requirement that it comply with the uniform system of accounts. In Administrative Case No. 323,<sup>1</sup> the Commission granted deviations from certain regulations including the use of the uniform system of accounts for reporting purposes.

The Commission, having considered the evidence of record and being otherwise sufficiently advised, HEREBY ORDERS that:

1. LDM Systems be and it hereby is granted authority to resell intrastate long-distance telecommunications services within the Commonwealth of Kentucky on and after the date of this Order.

---

<sup>1</sup> Administrative Case No. 323, An Inquiry Into IntraLATA Toll Competition, An Appropriate Compensation Scheme for Completion of IntraLATA Calls by Interexchange Carriers, and WATS Jurisdictionality.

2. LDM Systems' authority to provide service is strictly limited to those services described in this Order and LDM Systems' application.

3. IntraLATA services shall be provided in accordance with the restrictions and conditions of service contained in Administrative Case No. 323.

4. The rates proposed by LDM Systems on November 9, 1994 are hereby approved with the modifications contained herein.

5. Within 30 days from the date of this Order, LDM Systems shall file, pursuant to 807 KAR 5:011, its November 9, 1994 tariff sheets with the modifications noted herein and which conform to the restrictions and conditions of service contained herein.

Done at Frankfort, Kentucky, this 29th day of June, 1995.

PUBLIC SERVICE COMMISSION

  
Chairman

  
Vice Chairman

  
Commissioner
